

How to find and reset a 186 card

You have problems with the vacuum readbacks for an area, what do you do?

First you check the "Alive" page..

Here we see that the 186 Card for G9 needs to be reset. So you go out and reset it. You find the card and press the reset button, see image to the left.

Big question, how do you find where the 186 card is? The following pages will show you where the 186 cards are,
